

ABSTRACT GUIDELINE

Please read this GUIDELINE of abstract preparation before submitting your abstract.
Abstracts that do NOT comply with this guideline may be rejected.

- Write abstract in English with font 'Times New Roman 14'.
- Each abstract must include 4 elements: Title, Author name(s), Affiliation(s), and Abstract body.
- **Title** should be in all lower case letters except the first letter of title
- **Author name** begins with full first name then surname (NO academic degree) with notation of affiliation in superscript letter immediately after surname e.g. John Peterson¹, Mary Anderson²
- **Affiliation** must be written as ¹Department of Surgery, ABC Hospital, Bangkok
²Trauma Unit, XYZ Hospital, Nonthaburi
- **Abstract body** must be written in the 5 following headings: Background, Objectives, Methods, Results and Conclusions – except an abstract for case report or VDO presentation that can be written in a narrative form.
- Abstract body must NOT contain more than 350 words.
- Abstract must NOT include table, figure, or reference.

Note:

- Deadline of abstract submission is 8 June 2018 (midnight BKK time).
- The accepted abstract will be printed in the congress abstract book as it is; so please 'double' check the content and typing errors before submission.
- Only the members of RCST and residents/fellows (with a certified letter from training institutes) will be eligible for any award contest.
- Residents/Fellows must submit a full paper along with an abstract before the deadline if you want to be included in 'Resident paper contest'. Otherwise, the abstract will be selected for oral presentation (non-contest).
- All presentation will be in English, including VDO presentation.
- Full registration is required along with abstract submission or before the deadline of abstract submission.
